

This is a late filling: EX-PARTY - LATE
Late last night a Tent Sale in front of the East Side of Town
Radio SHACK store had GTX highpowered 5 mile range GMRS radio
that were 15 dchannels marked as FRS radios at \$19.95 each close
out! FRS was labled correct on the package but it was called a
GMRS only radio, and the sales man its a close out. This is only
a small passing off of GMRS as FRS too common!
